CMSI Consultation Response

Respondent Details

NAME
Balakarthik Reddy Gajjala

COUNTRY
United Kingdom

PERMISSION
Yes, CMSI can disclose my feedback, name, and organisation.

STAKEHOLDER
Academia

ORGANISATION
University of Dundee

COMMENTS & QUESTIONS BY DOCUMENT

Document: Governance

4. What are some of the key features the governance model needs to include?

SECTION: 4. What are some of the key features the governance model needs to include?

COMMENT:

Replace "Embrace a sustainable life cycle approach"

QUESTION 1
The governance principles that guided the development of the governance model are inclusive, effective, credible, impact-driven, pragmatic and efficient. From your perspective, does the proposed governance model meet expectations for consistency with these principles?
Response: 4: Exceeds expectations

QUESTION 2
Does the proposed governance model ensure no single group is able to unduly influence decisions?
Response: yes

Document: Assurance

QUESTION 1
From your perspective, does the Assurance process meet your expectations of a robust, credible, replicable and transparent approach?
Response: 4: Exceeds expectations

Document: Standard

Performance Area 18: Water Stewardship

SECTION: 18.3 Water Reporting, Leading Practice

COMMENT:

1) Disclosure of Ground water table

2) Disclosure/ Display(Digital) of Daily/monthly/yearly Water Consumption at facility including the Highest flood level of nearby (mentioning the distance from the facility) water body to the facility

---

Performance Area 20: Climate Action
